

STRATFORD SCHOOL LIBRARY

**THE STRATFORD WAY 1979-80**

# Dedication

In recognition of 1979 being "International Year of the Child", this year the students of Stratford Junior High School sponsored a Foster Child. His name is Mavilo Arriola Loayza. He is five years old, has brown eyes, brown hair and lives in Guatemala. He lives with his mother, father, brother and three sisters.

On behalf of the family, Mr. Arriola would like to thank the school for being a sponsor and for giving them the opportunity to improve their situation in life and that of their community.

We dedicate this edition of the yearbook to Mavilo!

By Carolyn Dundas  
Alanna Thorseth

# PRINCIPAL'S MESSAGE

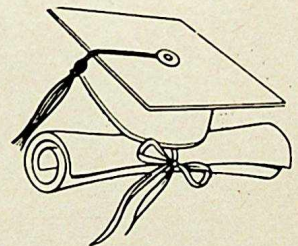

This year's edition of "The Stratford Way" ushers us into a new decade - the eighties. Looking back, we recall some of the previous decades - the fabulous 50's, the protests of the 60's, and the stormy 70's.

What now of the eighties? Is Orwell's 1984 upon us? What about the goal of international peace and love? What about our Canada as a united country? What other issues will emerge as the decade unfolds?

As we tackle the eighties, I encourage you to think positively. Take time to enjoy life - live each day to the fullest and take time to enjoy your friends and family. Take time also to prepare yourself for the challenges that lie ahead. The sacrifices you make today will pay many dividends for you tomorrow. Remember that a well-educated person is best equipped to handle any uncertainties that may arise.

I would like to take this opportunity to thank all students and staff for their cooperation this year. My congratulations also to all members of the yearbook staff and Mr. Friesen for their efforts in producing another fine yearbook.

D. J. Tessari

# PRESIDENT'S MESSAGE

This year has been a very enjoyable and interesting experience. I have enjoyed fulfilling the position as President and had an excellent time working with the other members on Students' Council. Our student body consists of six executive members, fifteen room representatives, and three student advisors. I had a fantastic time working with all of them. They put in much time and effort. I feel we got a lot accomplished, but we also had fun while we were doing it.

There were a number of activities and contests which I thought went very well. Thanks to all of you who participated. Keep that school spirit up.

I would like to thank Mrs. Clarke, Mr. Hrychuk and Mr. Sturgess, who were always there when we needed them. Also, thanks to all the teachers who volunteered to help supervise our dances. We could have never done it without you.

To the graduating class, the Students' Council would like to wish you the best of luck next year and in future years.

I had a great time this year, and I hope you have all had a pleasant and enjoyable year.

Karen Shtabsky
